FRANCE TO MEET GERMANY MAY 1

"We Have a Rendezvous and
France Shall Not Fail,"
Declares Briand.

TIME FOR WORDS PAST

Sees Still a Disposition to
Evade Payment After Se-
ries of Violations.

ONLY THREE BILLION PAID

Berlin Makes It 21 by Adding
Value of War Material
Left Behind.

By the Associated Press.

PARIS, April 12.—Premier Briand, in
the course of the debate in the Cham-
ber of Deputies to-day on German
reparations, declared: "The time for
words has passed. We must now re-
vert to acts."

The Premier recalled the warnings
given to Germany by the Paris and
London conferences and the subse-
quent application of penalties, and
added that the Government had hoped
the German Government would realize
that it could no longer delay ful-
fillment of its undertakings.

"We discuss," however," continued
the Premier, "that the penalties en-
forced have not produced the expected
results. We note that there still ex-
ists in Germany a disposition to evade
payment. On May 1 Germany will be
face to face with a whole series of vi-
olations of the treaty which she signed."

"I repeat here, with all the strength
at my command, that we creditors hold
a perfectly legal deed. A process server
has been despatched to Germany, and if
our debtor persists in refusal to pay,
the next time a policeman will accom-
pany him."

"This process is a legal proceeding as
between individuals in everyday life, and
it is the same in relations between na-
tions. It is no use to begin over again
discussions already closed. We have in
hand a promissory note duly signed, and
if the debtor refuses to pay we must
coerce him by all means of coercion we
have in our power."

"In full agreement with our allies, we
have a rendezvous with Germany on
May 1. France shall not fail that ren-
dezvous."

M. De Lasteyrie, official reporter of
the Finance Committee of the Chamber,
said that Germany had paid only three
billion francs reparations, although she
declined to have paid twenty-one
billion, having computed in her payments
the value of the war material left behind
during her retreat. M. De Lasteyrie
concluded: "France must be paid. If
Germany refuses, France must go in her-
self and exact payment. It is a question
of life or death."

This declaration was applauded by the
entire house.

Figures compiled by experts to show
the extent of Germany's economic re-
vival on bearing upon her ability to pay
reparations have been submitted in a re-
port to the Reparations Commission.
This report will form, in part, the basis
of the commission's calculation of Ger-
many's capacity to pay.

"The bank deposits of Germany," it says,
increased last year from 4,500,000,000
marks to 6,250,000,000 marks.

The experts declare there has been a
marked change in the ratio of imports
and exports, which is bringing the value
of the total exports to a considerable ex-
cess over the value of the imports of
Germany. The exports to Holland alone,
they state, amounted to the equivalent
of \$50,000,000 francs last year.

The experts point out a number of
cases in which industrial enterprises
have made immense profits, several of
these last year distributing dividends
which exceeded the nominal value of
their capital stock. They declare that
1,022,000,000 marks were invested last
year in new shares or in new companies.

Hungary Considers Charles Lawful Ruler

BERN, April 12.—The Hun-
garian Government, through
the Swiss Legation in Vienna, has
informed the Swiss Federal
Council that the Government of
Hungary considers former Em-
peror Charles as Hungary's law-
ful sovereign, and that "foreign
circumstances" alone prevented
the ex-emperor from exercising
his rights to authority.

It asks the Swiss Government
to permit the former Emperor to
reside permanently in Switzer-
land.

have complained as unnecessarily in-
creasing Germany's interior burden and
hampering her capacity to pay repara-
tions, the experts cite figures showing
that there are 300,000 more railroad
employees on the payrolls than there
were in 1914, in the face of a decrease
of one-half in passenger traffic and of
twenty per cent. in freight traffic.

GENEVA, April 12.—As bearing on the
reports that the Swiss Government had
been approached recently by Germany
in a tentative effort to have Switzerland
act as a mediator in the reparations
issue with the Allies, the Tribune de
Geneve to-day says it has learned that
after a lengthy conversation had taken
place last Saturday between Dr. Walter
Stämpfli, the German Foreign Minister,
and Edmund Schaffner, President of
Switzerland, the Swiss Foreign Affairs
Commission held a meeting.

MENACE SEEN TO LEAGUE OF NATIONS

Swiss and Serbian Delegates to
Transit Conference Ob-
ject to Control.

Special Cable to THE NEW YORK HERALD.
Copyright, 1921, by THE NEW YORK HERALD.

PARIS, April 12.—The League of Nations, which
has already lost its superdiplomatic role in
Europe, is now threatened with the loss
of its part as a central agency for non-
political action. The Barcelona transit
conference that the league called, and
which has attracted little attention thus
far, has brought forth a demand by the
Swiss and Serbian delegations that all
future conferences of this kind, as shall
be provided in the convention or con-
ference calling them, shall be complete-
ly independent of the league council.

Such a change would dash the hopes
some of the league members are still
clinging to, as it would control all in-
ternational action of the nonpolitical
kind, including postal union and like
bodies.

Friends of the league have become
alarmed over reports from Barcelona,
fearing that if the Swiss and the Serbs
maintain their position, almost the last
reason for the league's existence will be
destroyed and that the council and the
assembly will have nothing to do if
controlled over the technical organizations
is lost to them.

Another question raised at Barcelona
is the right of the British delegate there
to sign the proposed waterways conven-
tion for the Empire, as Canada has not
attended the transit conference, and
yet the convention would cover the St.
Lawrence River as an international
waterway.

PANAMA TROOPS ON COSTA RICAN FRONTIER

No Attempt to Resist, San
Jose Relying on U. S.

SAN JOSE, Costa Rica, April 12.—
Troops of the Republic of Panama are
being concentrated in the Coto and
Almirante districts along the Costa
Rican frontier, and are being closely
watched by military leaders in this
country. Military preparations for the
purpose of countering any blow struck
by Panama are not being made, as the
Government and people of Costa Rica
are confident the United States will fol-
low out the programme laid down by
Secretary Hughes.

FUR STORAGE

REMODELLING and REPAIRING

In conjunction with the above, we have
recently installed a new ELECTRIC
VACUUM SYSTEM which insures thorough
cleansing of all furs entrusted to our care.

Remodeling and Repairing—The advan-
tages of having this work performed during
the Spring and Summer months are two-fold.

Firstly: We are enabled, through
information received by our fashion
authorities abroad, to remodel your
furs in conformity with the new
modes adopted by noted Conti-
nental designers, well in advance of
the season for which they are in-
tended.

Secondly: All work executed
during the Spring and Summer
months is done at nominal cost.

Frigid-Cold Dry Air, such as we constantly
maintain at uniform temperature for storage
purposes, adds a noticeable vigor and lustre
to the fur, as well as preserving the life and
softness of the skin.

BIG PEASANT REVOLT REPORTED IN RUSSIA

Led by Gen. Antonoff, It Is
Said to Be Spreading
Rapidly.

COPENHAGEN, April 12.—The special
correspondent of the Berlingske Tidende
at Helsingfors says he learns that the
peasant revolt in southern Russia, under
the leadership of Gen. Antonoff, the anti-
Bolshevik leader, is spreading like wild-
fire. The reports say the governments
of Tambov, Voronezh, Kursk and Sa-
mara are in the hands of the rebels and
the fall of Kharkoff, capital of the Gov-
ernment of Kharkoff, is imminent.

Divisions eight and nine of the Bol-
shevist army, sent to the relief of Kharkoff,
both were cut off from their base
of operations. The Don Cossacks have
joined Antonoff.

The revolt is said to be extremely
serious for the Soviet Government, the
districts affected being among the rich-
est in Russia.

MADRID, April 12.—The revelations of
the Spanish Socialist delegates, Fer-
nando de las Rios and Angelino con-
cerning their recent visit to Soviet Rus-
sia caused a considerable revision of
feeling to-day in the course of the ex-
traordinary Socialist Congress here to
decide whether Spanish Socialists should
enter the Third Internationale of Mos-
cow.

The delegates declared they found
Russia worse than the strictest jail,
with an absolute dictatorship of a few
hundred thousand Bolsheviks over the
entire nation, whose people were kept
in a condition of semi-starvation and
deprived of their liberty.

Notwithstanding the revelations of
Senors de las Rios and Angelino some
of the extremist delegates to the con-
gress insisted Spanish Socialists should
adhere to the Moscow Internationale. It
appeared certain the party would divide
into two factions.

The inspired, commenting to-day on
the congress, says: "The realities of
Soviet rule have dispersed the dreams
of the proletariat, which expected miracles
from a so-called people's rule. The most
tyrannical capitalist regime has given
more rights and liberty to the workers.
If the workers accept such rule they
must have lost the instinct of self pres-
ervation."

REVOLT IN CONGO DUE TO PRETENDED CHARM

Native Sells Article to Make
Possessors Invisible.

BRUSSELS, April 12.—The revolt of
natives in the equatorial district of the
Belgian Congo last month, during which
fifty trading posts were burned, was
fomented by a native pretending to have
discovered a charm making its possessor
invisible and invulnerable, according to
advice received here to-day from offi-
cial sources in the Congo.

The natives, finding themselves unin-
jured, became uncontrollable, and a
widespread use of troops was necessary
to stamp out the resulting trouble. It
will take several months, it is said in
the advice, to restore order entirely
without bloodshed.

JAPAN MAY SEND COMMISSION HERE

Continued from First Page.

Office confine themselves to a statement
the Associated Press that the Hughes
note is "so important that it is receiving
the most serious consideration from the
Japanese Government, which is anxious
to do everything possible to establish
friendly cooperation with the new Ad-
ministration in Washington."

Prominent Japanese, especially those
familiar with the United States, feel
that the general situation requires heroic
treatment to prevent the two nations
from further drifting apart. There is,
therefore, an inclination to permit the
problem involved in the disposition of
Yap to sink into comparative unimport-
ance before a discussion of all the
questions centering about the Pacific re-
garding which Japan and America have
serious differences.

The plan to send a representative of
the Japanese Government to Washington
is not unconnected with the internal
situation. It is understood an influen-
tial group is insisting that Japanese for-
eign policies be remodeled with the par-
ticular view to securing a settlement of
Pacific problems, and a general under-
standing, permanent in nature, with
America, on a basis of friendly co-
operation.

Attainment of this programme may
involve a change in the Japanese Min-
istry. Major-Gen. Gihachi Tanaka, Min-
ister of War, has already placed his
resignation in the hands of Premier
Hara.

GREEK FLEET ARRIVES AT THE DARDANELLES

LONDON, April 12.—The Greek fleet is
drawn up outside the entrance to the
Dardanelles, says a despatch to the Ex-
change Telegraph from Constantinople.

ATHENS, April 12.—At the reas-
sembling of Parliament to-day Premier
Gounaris confined his statements to the
London conference and the critical mili-
tary situation. M. Sarator, the conserva-
tive leader, declared there was a great
abyss between the proposals made at
the London conference and the Sevres
treaty. He said that the Greek nation
could not accept the conditions as laid
down at London.

Establishment of martial law in
Greece was discussed in the Chamber
of Deputies.

WILHELM CAN'T GO TO GERMAN BORDER

Dutch Refuse Permission for
Him to Accompany Body
of Empress There.

By the Associated Press.
THE HAGUE, April 12.—The Dutch
Government, it was announced this af-
ternoon, has refused permission to ac-
company Emperor William to accompany the
body of ex-Empress Augusta Victoria to
the German frontier. The former Em-
peror and ex-Crown Prince Frederick
William therefore will proceed with the
body only to Maarn, where it will
be removed from an automobile hearse
and sent on by special train to Pots-
dam.

DOORN, Holland, April 12.—Prepara-
tions are being made at the Maarn sta-
tion to keep from the view of the public
the train which will transport the body
of Augusta Victoria to Germany. Large
tubs containing palms, laurels and other
plants will be placed along the side
track over which the train will pass.
Court Chaplain von Dryander this
afternoon had a long talk with former
Emperor William in the park surround-
ing Doorn Castle. After the conversa-
tion William apparently was more com-
posed than he previously had been.
Later Chaplain von Dryander prayed
over the body of Augusta Victoria. He
had known the former Empress since her
childhood.

There was an almost continuous file
of automobiles and private carriages be-
fore Doorn Castle to-day. They brought
prominent Germans and Dutchmen who
signed the condolence register. Only
relatives and the most intimate friends
of the family were admitted to the
castle. Large numbers of wreaths and
floral crosses were delivered at the
castle to-day.

The former Emperor wanted to ac-
company the body to the Dutch fron-
tier, but now will follow the body only
to Maarn. He has been overcome with
grief and at times almost unable to
speak. Frequently he cannot bear any
company and strides away into the park
about Doorn Castle, where he paces to
and fro alone.

Princess Victoria Luise, only daugh-
ter of the ex-ruler, and Prince Oscar,
their fifth son, arrived here to-day.
Prince Elitel Friedrich and Prince Au-
gust Wilhelm will remain in Germany
to prepare for the funeral.
